

“With minimal help from our staff, WOTC Planet effectively identifies and certifies qualifying employees, manages all the paperwork and correspondence, computes tax credits and delivers results.”

*Stephanie Greaves, SPHR, Former Human Resources Manager at OCAT, Inc.*

# A New Opportunity for Nevada Employers

## This flood could mean THOUSANDS to YOU!

**If you're not taking advantage of the  
Work Opportunity Tax Credit... we need to talk!**

**You already hire qualifying employees... Claim the tax benefit you have EARNED!**

What this means is as you hire qualifying employees, you earn a tax credit that **reduces your federal income tax**. For most employers, 10% to 20% of their existing workforce would qualify **without changing their hiring process**.

### How much is it worth?

Depending on why an employee qualifies, the tax credit offered by WOTC ranges between **\$2,400** and **\$9,600 per qualifying hire**.

**These tax credits can add up fast!**

**WOTC Planet's system simplifies** the entire process and makes it **easy** to qualify your new hires.

WOTC takes a special process.

We work with  
**YOUR OWN CPA** to  
make it **SIMPLE** and very  
**VALUABLE**.

Call
